POOR ABUSED COW: CHANCE TOKUGAWA

BY THE LOOKS OF IT... ITS TIME FOR A MILKING.

NOW AS I RECALL...
I VENTURED INTO THE
BARN WHERE OLD'
CHANCE WAS JUST LAYN
ON HER BACKSIDE,
MILK FILLED UDDERS
UP IN THE AIR. SHE
STARTED A GROANIN'
AND A MOANIN JUST
AS SOON AS SHE SAW ME
COMIN AT HER. THE
COW PUSHED HER
SWOLLEN BREASTS UP
TO MY ARM AND LET
OUT A PITIFUL MOO.
IT WAS THEN I SAW I WAS
A GONNA NEED MORE
HANDS FOR THIS JOB.

THERE WAS SOMETHIN ABOUT HER TODAY... HER UDDERS WERE BIGGER THAN NORMAL AND I COULDN'T TURN AWAY. IT WAS MIGHTY TOUGH TO HIDE MY SELF.. I DON'T WEAR PANTS. NEVER FIT ME. I FELT MYSELF BEGIN TO SLIDE DOWN AND SHE CAUGHT MY DRIFT. HER BODY TENSED UP AND SHE LET OUT A LONG LOW MOO AS SHE GAZED DOWN AT FARMER JR. SHE COULD BARELY SEE DOWN PAST HER UDDERS IT HAD BEEN SO LONG AND I DECIDED IT WAS HIGH TIME I DID SOMETHING ABOUT THAT. BUT NOT BEFORE SHE GAVE THE FARMER A LITTLE LOVIN. THE KIND ONLY A BOVINE IN DIRE NEED OF MILKN' COULD GIVE. AND AFTER THAT I'D NEVER MISS ANOTHER.

CHANCE'S VIEW

STORM'S VIEW

AS SOON AS I WAS GOOD AND HARD KNEW EXACTLY WHAT TO DO. TWAS THE COW'S TURN TO DO THE SERVICING THIS TIME. AND THIS STALLION WAS MORE THAN HAPPY TO GIVE UP HIS LOAD TO HER. SHE COULD BARELY ROLL OVER TO HER STOMACH HER UDDERS WERE SO HUGE. FINALLY SHE LAY ON THE BREEDING TABLE AND I AIMED MY ROD FOR HER MUZZLE. WASN'T LONG BEFORE SHE WAS GAGGING ON ME AND PULLING DEEPER. RAVEN MUST HAVE SNIFFED THE...

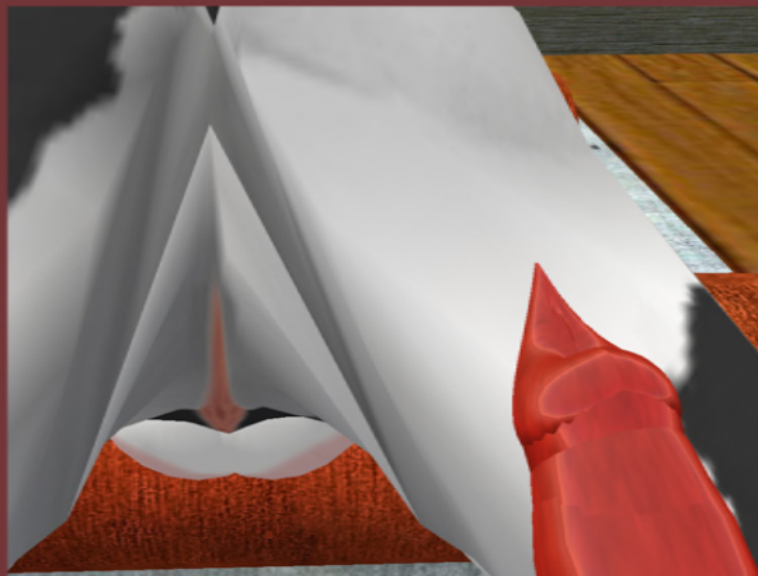

...AIR AND CAUGHT A WHIFF OF CHANCE'S EXPOSED PUSSY CUZ HE WAS SOON STANDN BEHIND HER WITH A RAGING HARD-ON BEFORE TOO LONG. I RUBBED HER NOSE AND SHE MOOED AROUND MY SHAFT AS RAVEN WAS RUBBING UNDER HER TAIL MUCH TO THE COW'S DELIGHT. HE HAD HIS OVERALLS OFF AND ON HIS ANKLES AS FAST AS COULD BE. THE STRONG SCENT...

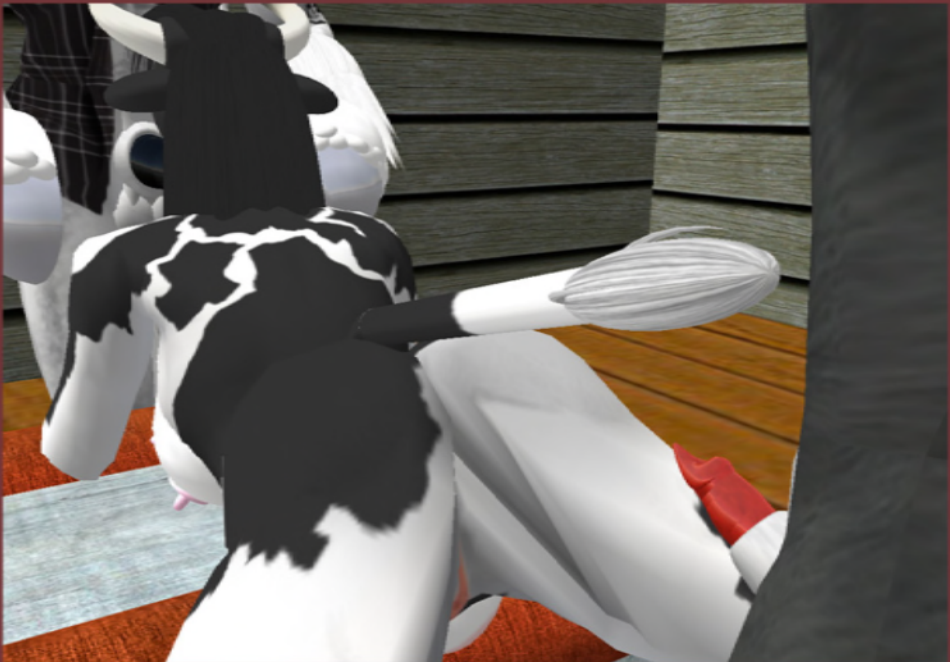

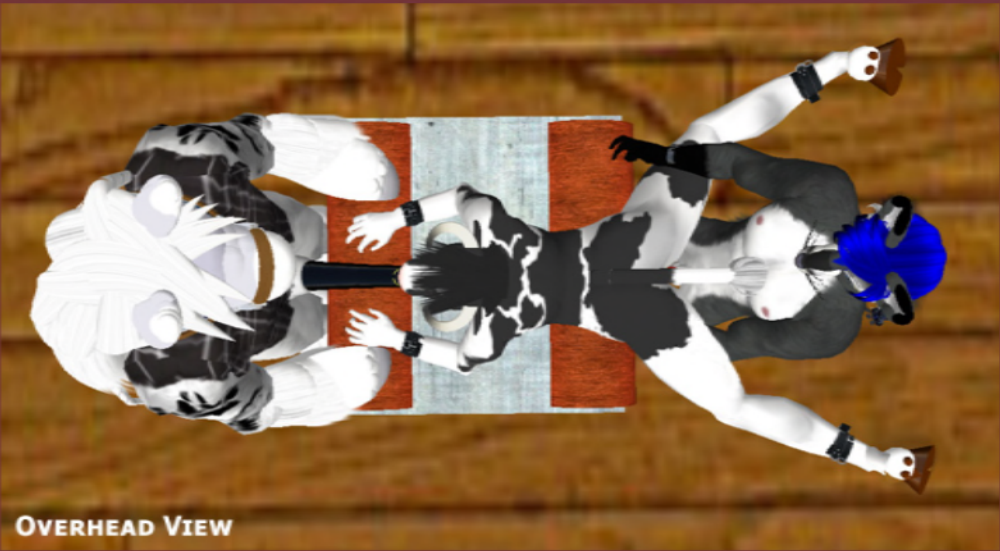

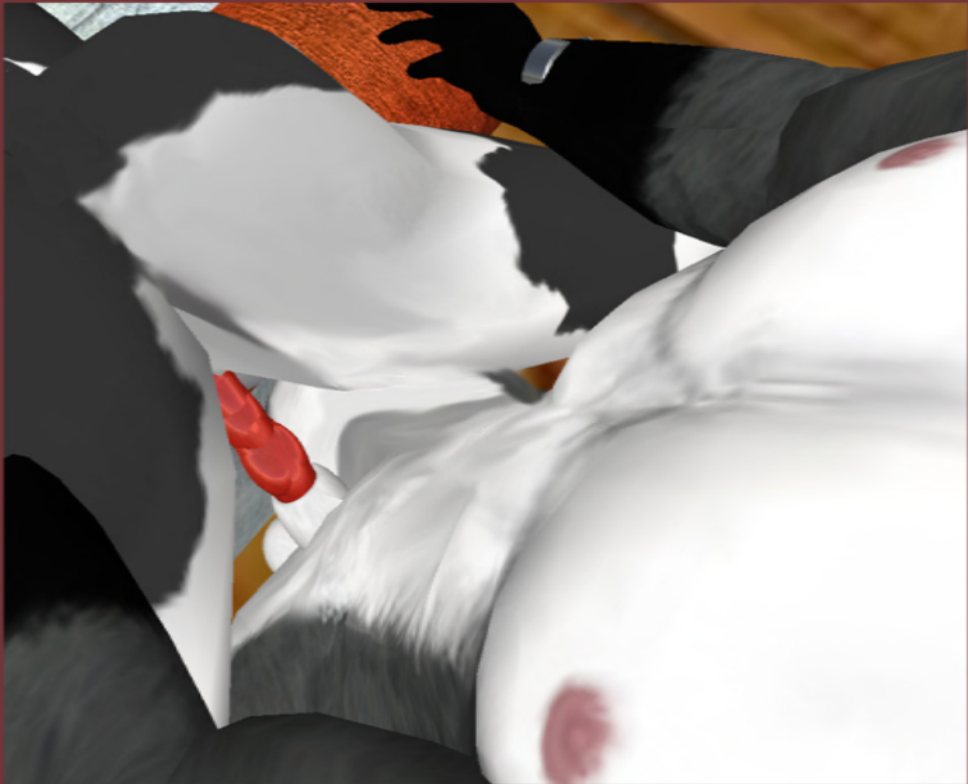

FIRM HIND
QUARTERS I
COULD EASILY
TELL THAT
RAVEN HAD
WARMED HER
UP FOR ME...
CHANCE WAS
GOING TO GET
MOUNTED BY
A STALLION...
HER FIRST AND
SURE HOPE IT
AIN'T HER LAST.

OF BOVINE PUSSY
WAS POWERFUL
AND WE WERE
BOTH READY TO
HELP OURSELVES
TO SOME JUST
AS SOON AS WE
GOT HER ON THE
MILKING
MACHINE.
RUBBING HER

SUPER MEGA BOOBIE CLOSE UP! ^^

OLE' CHANCE
GAVE IT TO HIM
GOOD.. RAVEN
FINALLY GAVE IT
UP AND BLEW HIS
LOAD ALL OVER
HER WARM BACK.
BOY IT WAS A MESS... BUT I STILL HAD SOME FIGHT
LEFT IN ME.. BUT THE MILK CAN WAS GETTN
MIGHTY FULL! AND A FEW MINUTES LATER THE
COW HAD MILKED RAVEN AND I WAS SOON TO
FOLLOW. SHE MOOED LIKE A CRAZY FOOL AS I
GAVE IT TO HER GOOD AND HER MUSCLES GRIPPED

MY SHAFT TILL SHE DAMN NEAR SQUEEZED THE LIFE OUT OF ME! RAVEN HAD CUMMED A BIG PUDDLE ON HER BACK AND I COULDN'T STAND IT ANY LONGER. NOT WANTING ANOTHER BATCH OF HALF EQUINES... WE DON'T NEED TO SAY NO MORE ABOUT THAT! I PULLED OUT JUST AS FAST AS I COULD... AND THAT WAS BARELY FAST ENOUGH.. MY HEAD FLARED LIKE IT ALWAYS DOES AND BEFORE YOU KNEW IT I WAS GIVN HER A BATH. WELL... THIS WAS ONE ALL WHITE COW AFTER NOW WAS HARDLY A BLACK SPOT TO BE SEEN ON HER BACK. SHE WAS MOOIN' AND SQUEELING... I MUST HAVE DONE GOOD CUZ SHE STARTED SPILLIN MILK ALL OVER AS I FINISHED RUTTN HER. CHANCE'S A GOOD COW... THINK I'LL MILK HER PERSON'LLY EVERY CHANCE I GET. CERTINALLY MAKES HER FAIR SHARE OF MILK AND... WELL SHE SEEMS TO ENJOY WHEN RAVEN AND ME ARE THE ONES DOIN THE MILKING!

PEARL STUD STABLES: EMPLOYEES OF THE YEAR!

LOCAL HEADLINE NEWS: STICKY BOVINE PRODUCES 25 GALLONS OF WHAT APPEARS TO BE MILK IN ONE SITTING. SCIENTISTS ARE SCEPTICAL GIVEN THE APPARENTLY QUALITY OF THE SUBSTANCE. ONE VIXXEN WAS HEARD TO SAY, "ITS RICHER THAN REGULAR MILK! I LOVE ITS TEXTURE!" AMAZING!

DEEP SEA RESEARCH VENTURE: RESEARCH STAFF:

BARK MANILOW: ASSISTANT

ZELLU INNIS: ANALYST

PROJECT FINDINGS...

**ADMINISTRATOR PLEASE VIEW FOLLOWING
IMAGE DATA**

INCIDENT REPORT:

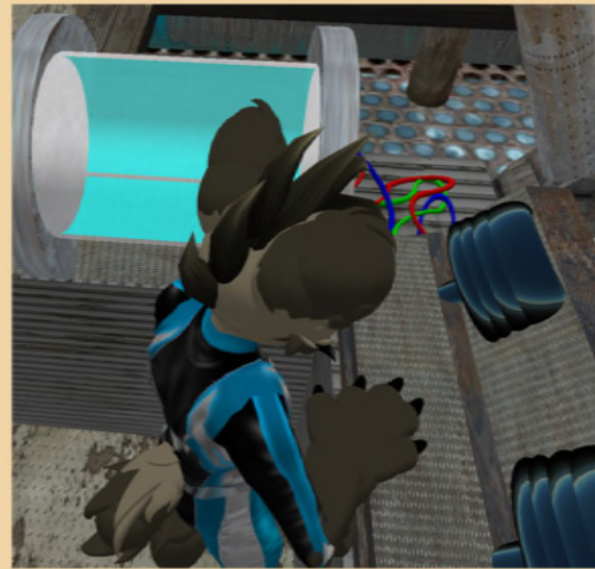

Improper use of research materials involving the mechanized lifting arm in the moonpool area.

Female assistant's tail was raised and her... rear end bumped, rubbed and prodded.

Interestingly, no complaint was filed by the assistant.

It was then observed that the said assistant began to remove her issued swim gear and eye contact with the male researcher was made.

The reasons for this behavior is unclear.

Furthermore-
unwarrented physical contact
between personel was witnessed.
The following is documentation
of the removal of personal
protection wear without proper
authorization! The assistant's
...supple... perky breasts
became visible... almost
begging to be freed...followed
by the inappropriate touching
of her hardened nipples...

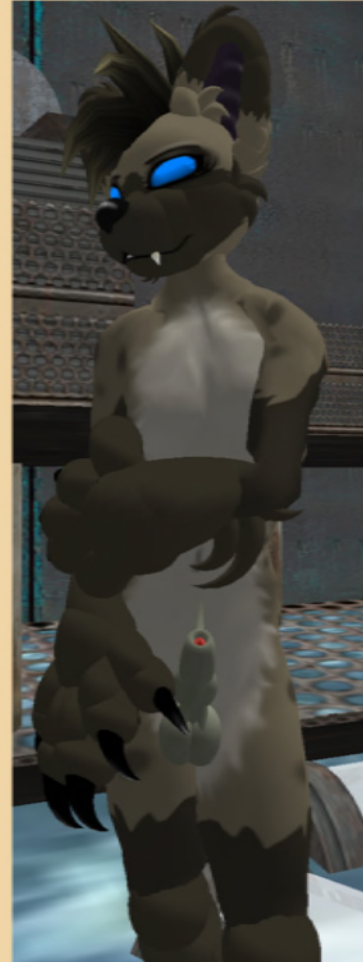

EVIDENCE:

Oh...*Amem*
Well.. I may have gotten a bit too close with the camera there... but I'm SURE that the investigation was not compromised in any way! No! Look- He runs his rough, clawed paws raked over the girl's flat tummy. Very inappropriate! It was seen that the female's nipples.. they were..erect. a violation of the company's decency standards!

But I couldn't turn away. Because- its my job to watch per sonnell interact. I might add that both were noticeable.. A-R-O-U-S-E-D. Yes. That word. In addition to this fact, there were many instances of above mandated decible vocalizations. Mainly from the female This has been noted on her record!

Highly inappropriate! Wonderful so I might add! Hmm I'm thinkn.. this is isn't inappropriate at all.. In fact.. it should be MANDATORY! I hereby place a formal request that this type of activity be required.

~~Against~~
Company Standards

- 1) ~~No~~ Bodily Contact
- 2) Employee relations must be kept ~~private~~ *open*
- 3) ~~Proper~~ attire ~~must be worn~~ at all times *optional*

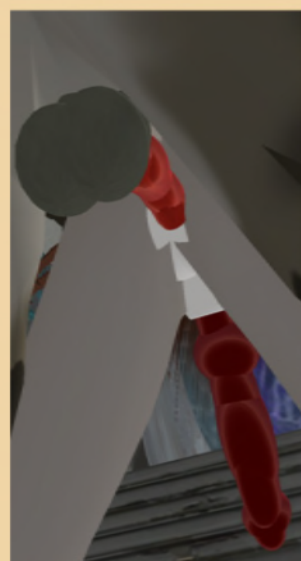

Above: Acceptable!
Right: Acceptable!

Note: For future group meets- Female packs twice the fun! Male employee looks undaunted.

Excellent!

Ohh! Good shot!
Right at the
camera- Great!

Upon further inspection of these documents... I hereby formally announce my resignation as typesetter (A2971) pending the release of this report. I am applying for a job at Anthrogasm Magazine as a stud!

Oh yeah boss-
they did it
on the new
TSP-300 units
you ordered.
Unit, 300, TSP,
no longer in
service: cum
stains, dmg.
There they
are doing it!

Great! Both personnel are equally...
guil- endowed! I move that if any action
be taken against these two.. that they
be put in the same detainment cell! Then
they can discuss the bad bad things they
have done together. Also... I'm moving
to this research installation.. I love
the tropics! So hot...wet...tight...the
tropics are also nice. I quit! See ya!

Khyra Ares In the Jungle

And she's brought friends of the male persuasion.

The Model: Khyra Ares

The Photographer: Bladewolf Allandale

Wild Grey Wolf: Khaki Schmidt

Wild Tiger: Arsen Graff

Foolish tigeress... the jungles of the two hills and one crevass island... err we call it THAOT Isle... yarr well writing's not me thing! Anyway~ back to me story! Foolish and such! Yes! I've lived a life here... on the island here for me lifetime it feels and the natives~ an unquenchable lust for females they have! I've seen it many a time, yarr yes indeed I have. Theres only one way to repopulate an island of all male researrch scientists that aayrve been cut off from their home land for three months. And it ain't by researrchin! Those cages tharr are for catchin! Brutally catcn' the females and makn new littl researrrrrrchers!

Close-up

PHOTOGRAPHIC ZOOM ENHANCEMENT TECH

Yarr see~ this is the only picture the photographer took of the lassy. Good feerrr us these resarrrrrrchers were working on

This thing tharr.. I.. I can't spell that tharr. Anyway~ Look at that tharr... I was in the bushes not far from thar and even I could smell the scent off that kitty. The jungle breeze blew over the ruins just enough for her pantaleenless self to show fer all the world to see. I was truly wondeerrrrful. I nerrrrly wept.

See! What did I tell yar? There they be, the scent of that kitten brought half the... island... on er! But a darty darty cameraman he be. Beat the buggers right to it then. The kitty's loud means could be heard though the jungle like a sexy bird. We couldn't be long till that kitty was purrin up a storm, full of as many native resarrrrchers as could be. At first she was a stuck up lil' tart but ye shall soon see... an inner besast there be.

*He warrned the grey wolf
 he be a wild prrrrediteerr.
 Little does he know H&E
 be the one bein hunted thar.
 I was the maden that
 removed that garmet of his.
 And started in on em...*

Arrhaarrhar. I was a sight to see the once bold wolf scarrred of a pussy! Aye but beferr he could escape the lassy pounced with open legs, he wanton folds clearly ready for him tween her tail. Jumpin in the air she landed on him and made em' give her what she came herrr for. Research scientist cock. The many and the horny-cockaplenty!

Nevar before have I seen a lassy force herself on a male... don't know why one would ever refuse but.. eyh.. well she got em good. With the help of the photographer the now wild kitty pinned the wolftxixt her legs and ride him without mercy. Writhing and panting the wolf's thick manpiece was shoved deep into her belly. This kitty was getting what she wanted from the males, twas not a thing to stop her. I peeked me head out but nar she did not see me.

Then.. she changed...

A fire I say!

*The wide eyed kitty
still damp from a
recent cock growled
at the wolf and
ground her soft
flesh against his
hard meat. Then
he slid into her
canal and she
moaned and rode
his hard shaft with
vigor.*

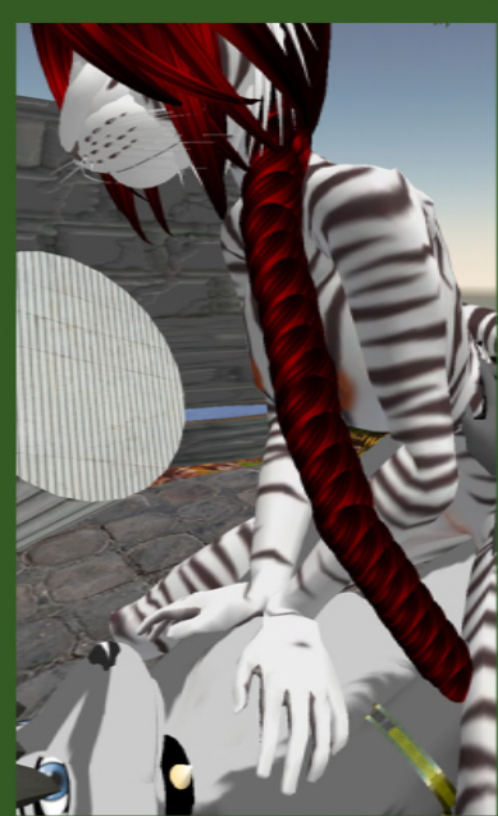

*Eyes on the prize she gazes at
the canine meat. Ready or not
he was going to please her to er
heart's content. The poor sassy
can barely see down below those
massive things! But he's well
big enough to be seen clearly*

Wild Wolf's View

The Model's View

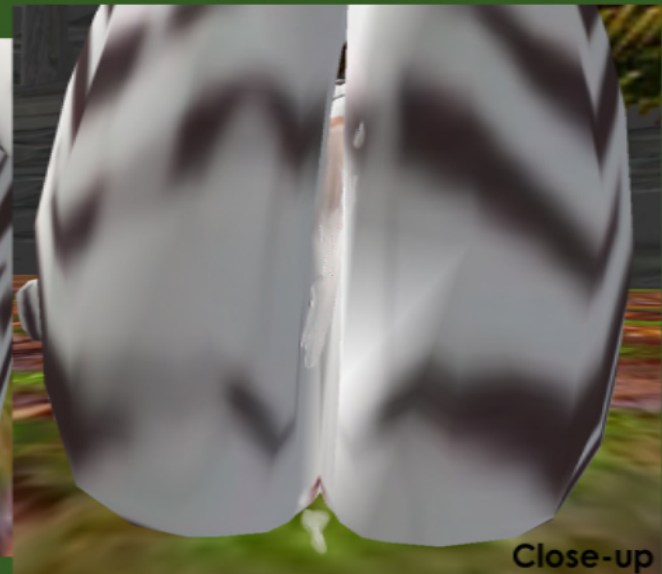

Close-up

Down to the ground she be drug. But love it she did! Rough wolfs rutting her softness to her heart's delight... she dripped down onto the jungle floor. Her firm rear twas covered with leaves from the juices of she and her lovers. Just the beginning of her stickness hieerrrrre.

Close-up

Arrrrr! Kissed to the brim the lassy was.
Just as she wanted it. A boatload in that
I say. Wild woofies are known for their
programming and potency yarr. Good
thing this ole pirate sarrned how to use
a camera! As soon as yar be seavn' I'll
"Develop" these. Whats that? Oh no
I make my own, I don't be needn' any.
Whats that? Digital? Well that takes
all the fun out of it! Right woofies?

Project Shokushu:

Sociological experiment. Introduce one sexy bunny + one tentacle monster.

Result Theories:

- 1) Bunny and ~~Dragon~~ Tentacle Monster live happily ever after.
- 2) Bunny and Tentacle Monster become their own research team?
- 3) Epix battle between the two.
- 4) Hot sex.

The Players:

Captive Bunny:
Softheart Bellham

Male Lab Assistant:
Shadow Tealze

Psychopathic Doctor:
Belial Switchblade

Project Shokushu test
phase will begin...

First, a bunny was collected from the AG Lounge... many many pretty females there to collect but this piece of paper says: Bunny. Subject was interested in the male assistant and I had him approach. Before long she was in her underwear and the assistant was instructed to advance upon the subject. Success.

Subject was so amorous with the male that we opted for sedation but first attempt fails. We then turned her around and yes that worked much better. She did not seem to mind at all in fact she seemed quite aroused by this- then said, teehee kinku! in the bunny language.

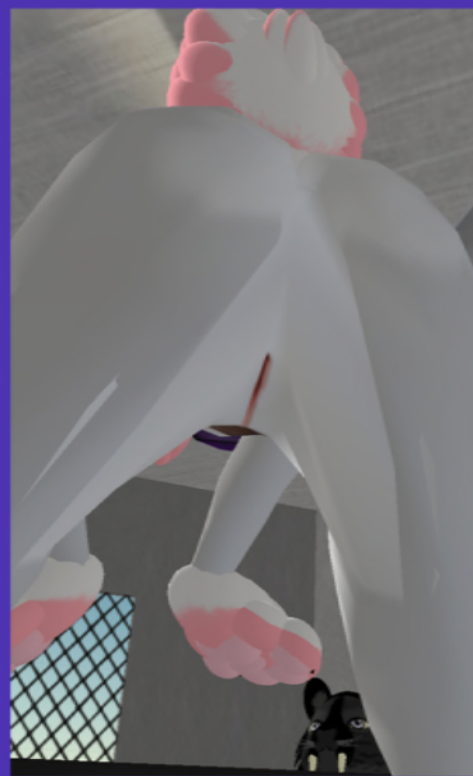

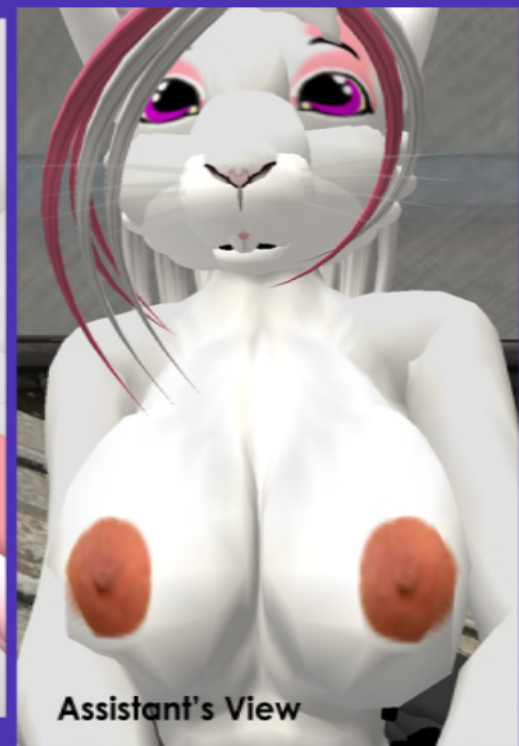

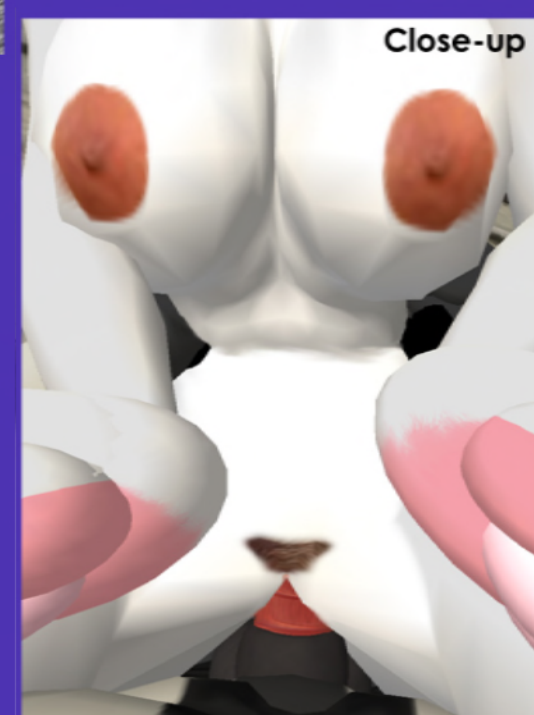

Interesting. She was much too eager to get on the table and in a flash she was nude and presenting herself to us.

Note: Subject must have butt pointed in direction of the injection. Failure to do so will not allow for a good view of the ass/injection site.

No notable affect witnessed from shot.

This portion of the test involved me. Because... male assistant could not left high and dry... I did my duty. Oh he was still damp from the bunny... his penis glistened in the light as he drew near. I could see the tentacle monster rising out of his enclosure from her scent... or was it mine. I presented to him as I read to do for a male. My vagina was visible and I spread my legs for him as the texts read. As was planned he mounted me and began to mate me hard. I... did not realize males were so... useful! This is a breakthrough indeed! The sultry bunny was right! Males kinky indeed!

Close-up

Mating... is...
enjoyable *pants*
These kinds of
experiments...
should be done...
more often, (ow
baby, you're big)
*growling and
slurping noise*
Subject is...also
enjoying herself
immensely. I..
(aaahh ahhh AHH.
